Sir, Kindly excuse
my troubling you with
this note may I be
permitted to introduce
myself to you as a
Peciter and pupil of
Mrs Stirling. It is in
this Lady's name that
I venture soliciting so
great a favor as to
be allowed to give a
Recital at your forth-
coming concert. My

Repertoire consists of a
selection of the best
pieces only and that
being a native of
Germany I recite in
both languages English
and German, also in
French. Should you
wish to test previously
my artistic endeavours
you have, but kindly to
appoint a time and I
shall find much pleasure
in reciting to you,
I presume, that the
programme is fully
arranged by now
wherefore, I beg to say,
that I shall esteem it

a privilege, to recite
during any interval,
that may occur, and
that at the shortest
notice.

I hope, I need not add
how very grateful I
should be, if you would
extend to me, the favor
I seek and beg to remain
awaiting your kind
reply.

Yours,
most respectfully
Augustus Pitt
