My dear Mr Grieg

I feel quite ashamed for
not having replied sooner
to your kind and most
amiable letter. I travel
so much and am so very
occupied, that with the
best will I could
not find the time to
reply. You know —
I have been nearly
obligated to learn
that your excellent
and so talented Lady

has availed herself of
the advice I have given
to her in regard to
her vocal exercises
and that she has already
found to me advantage
from it. I cannot
recommend you strongly
enough to continue
the same. It will
be one of the strongest
attractions for me
to return next year
to Norway to see
you & dear little Astrid

and your Lady's regim
and to have her sing
Ship of Norway
all have been pro
bably delighted with
our voyage to Scandin
naries. Ship of Norway
has sung at many
do not one of your
delightful songs
above the songs them
never see, to see them
and the public is
immensely pleased with
them every where

When you are on your way
to Paris we shall remain
at home in spite having
been from the 12 to 19th
insist that remain a
few days in Copenhagen
and return home.

Miss Thorsby has such
as myself. We shall
be very glad to
make your acquaintance
